

Orange Peel guards comply with OSHA, ASME and ANSI standards. Very few guards do! Look for a Safety Orange or Yellow guard, gaps no greater than 6mm and ANSIZ535.4 compliant warning labels. Orange Peel’s hinged guards open quickly by removing fasteners and “peeling” open the guard halves for coupling lubrication, inspection and maintenance High-Impact. Polyethylene plastic is extremely tough and durable. Orange Peel guards are ideal for harsh environments and virtually eliminate all guard maintenance.

Orange Peel MCG and CCG guards are designed for close coupled coupling applications.

Orange Peel PCG guard is designed for spacer applications.

Falk Orange Peel® coupling guards

<u>Applications</u>	<u>Features</u>	<u>Benefits</u>
<ul style="list-style-type: none"> All coupling applications 	<ul style="list-style-type: none"> Patented trim and fit design Gaps no greater than 6mm 	<ul style="list-style-type: none"> Easy selection Short leadtime Application flexibility Convenience Comply OSHA, ANSI, ISO safety standards

MCG

No of sizes 3
 Max coupling dia [mm] 102/162/245
 Max coupling length [mm] 89/127/184

CCG

No of sizes 4
 Max coupling dia [mm] 19/128/368/470
 Max coupling length [mm] 127/178/241/311

PCG

No of sizes 1
 Max coupling dia [mm] 170
 Max coupling length [mm] 450
